

1. There so are three or more afterworlds. Hell, Heaven and “Pers Fria AA Paradis”, where AA stands for one or more worlds, since AA looks like an M, which here stands for multiple. The afterworlds have exactly the same basis (start with a Big Bang, and sped up with a variable time under control of somebody) as the world you were born in. Pers Fria AA Paradis has about as much magic as there was magic today Friday 13th May 2016 in the world this was originally written or if you prefer more magic you can have that in your own universe or agreements in a common universe with other beings..
2. You cannot decide which world you will end up in.
3. However, you can increase your chances. Reject faiths you do not wish to belong to, and adhere to religions you like. For you to associate with Pers Fria AA Paradis you have to follow Simple Religion in its spirit to the best of your understanding. Never lose faith.
